Certification from personal or parental sources must include: a completed financial certification form with original signatures from the family member(s) offering support with the proper boxes checked and an original bank statement (on bank letterhead) showing the type of account, the exact balance of the account (with currency denomination noted), and signed by a bank representative (original signature required). The statement must also show the account holder's name; that name must match the name of the person offering support exactly. An applicant may have several different sponsors. We will need completed financial certification forms and bank statements from each source of funding. Certification from sponsoring agencies consists of: an signed letter with original signatures from an official at the agency stating the amount of funding they will offer and the duration for which it will be available. Only funds in a liquid account, such as a checking or savings account will be accepted: Property, life insurance, stock, bonds, jewelry, mutual funds, land, medical savings and retirement accounts, benefit certificates, trusts, securities, and long term savings for housing do not qualify.

Any documents submitted for financial certification are not considered during the admissions and scholarship review process. The financial certification is only an administrative piece and is necessary to process I-20 forms for admitted students, which is necessary to securing a F-1 student visa.
