

The policy for Taubman College of Architecture and Urban Planning grading for Winter 2020 Graduate non-Rackham degrees is the following:

All graduate courses in Taubman College will be offered under “P” (pass) / “NRC” (No Record COVID) COVID-19 grading.

- Faculty enter letter grades, but a “P” or “NRC” will be registered on the transcript.
- Students who receive a “P” receive full course credits.

A grade of “P” will be issued for a letter grade of C- or better.

- This temporary adjustment recognizes that while students in Taubman College must maintain a 3.0 average GPA, C- grades are passing in Taubman College and students who receive this grade merit full course credits, as they would have received under standard letter grading.

Students who receive “NRC” receive no course credits.

- Neither “P” nor “NRC” will be factored into the GPA.
- Language would be added to transcripts explaining the policy.
- Faculty must inform students of their letter grade.
- This policy would not apply to classes graded before March 10.
- A flexible withdrawal policy will also be instituted, allowing students to withdraw from a course until April 21 and not have the course appear on their transcript.
- Instructors will continue to have the option of issuing an Incomplete (I) and approving an extension with a deadline for completion of final work due in the course.

Choosing P/NRC or a letter grade.

- Students will be able to view their grades via a new page in Wolverine Access Student Business that will display their Winter 2020 semester courses.
- Students will be able to select “P” or “NRC” grades or convert them to regular grading from that page. If agreeing to the conversion, the courses will display the letter grades and recalculate the GPA.

P = Pass

NRC = No Record COVID-19
